

Participant Testimonials

“Faculty of Fishing is the future of fishing. There is so much to learn and these 4 courses offer an organized mentorship for every student. My fishing success will improve dramatically and my days on the water are sure to be better than ever!”

-D. Reid

Winnipeg, MB

“Faculty of Fishing is simply the most innovative learning tool available to anglers of all abilities! I can hardly wait to take the 'Fishing 2' module. There's no doubt about it, the content and learning materials will greatly increase an angler's knowledge and understanding of fish and fishing!”

-Davis Viehbeck,

Thunder Bay, ON

“I’ve always considered myself a pretty good fisherman, Faculty of Fishing will allow me to grow into one of the best! I highly recommend this program!”

-A. Hunter

Fort Wayne, IN

“I am looking forward to graduating from faculty of fishing so I can finally out fish my grandson.”

-J. Michaluk

Phoenix, AZ

“For folks who are just starting out and who want to take the fast course to becoming an elite angler you guys offer a superb course. Well done!”

-Gord Pyzer

Kenora, ON

I just finished fishing 1. I have to say I really enjoyed it. I found it to be very informative and helpful. I particularly enjoyed the section on fishing rods, as I am in the process of buying one, and the information I got from the course will help me make my decision.

I am excited about starting fishing 2, and I look forward to your other courses, especially species specific lessons, also boat control would be of interest to me.
